

Question

1. Prevalence of diabetes in children and young people

As of 31 December 2025 (or most recent date held), please provide the number of children and young people aged under 17 years on that date, who are resident within each Health and Social Care Trust area and are recorded as living with diabetes, broken down by:

- a) Type 1 diabetes
- b) Type 2 diabetes
- c) Other forms of diabetes

2. New diagnoses of diabetes and DKA at presentation

For the period 1 January 2025 to 31 December 2025 (or the most recent complete reporting period available), provide the following for children and young people aged under 17 years at the time of diagnosis, who are resident within each Health and Social Care Trust area:

- a) The total number of new diagnoses of diabetes for type 1, type 2 and other forms of diabetes and
- b) Of these, the number who were recorded as being in diabetic ketoacidosis (DKA) at the time of diagnosis, based on clinical coding or diagnosis recorded at presentation.

Response
