

Question:

I would like to request a copy of the business case for the establishment of the new independent expert 'reconfiguration committee' that has recently been announced by the Minister. I would also request copies of any and all quality assurance of the business case (feedback and associated correspondence/ responses) and a copy of the approval letter that was issued.

Response:

The Minister announced the establishment of an Independent Reconfiguration Committee on the 3rd September, work is ongoing to implement this decision, and the business case remains under development. On this basis we consider your request falls under the exemption provided by Section 35(1)(a)- Formulation or development of government policy.
