

## Question:

I am writing to request the number of average available and occupied acute beds by month from January 2023 to December 2023. If possible, could the data only be for acute hospitals and also be split by HSC trust and also by hospital.

## Response:

The Department holds quarterly data on average available and occupied beds. This is broken down by Trust, Programme of Care (including Acute), hospital and specialty until 31 March 2023 on the csv file at the following link:

<https://www.health-ni.gov.uk/publications/hospital-statistics-inpatient-and-day-case-activity-202223>.

Data up until March 2024 will be available in August.

Date response issued: 23/4/2024
