

## Question:

*Copies of minutes of any meetings held of the department's forum for HSC employers which was set up to examine the practical workforce consequences of the UK's exit from the EU. Please also provide copies of any other correspondence linked to this group.*

*Please also provide me with copies of any correspondence (including to but not limited to internal reports/minutes of meetings/briefing papers/emails) that have been prepared on the subject of Brexit from 25 June 2018 to 1 July 2018 inclusive.*

## Response:

A search of Departmental records has now been completed and I can advise DoH does hold information relevant to your request.

A schedule of the documents released, those withheld, and exemptions applied is set out below.
